Speaking Overview

Kevin Freeman, a noted economist, is a world-renowned expert on economic warfare and financial terrorism, bringing over four decades of experience in global finance, national security, and investment strategy to the stage. As the host of Economic War Room with Kevin Freeman on BlazeTV, host of Pirate Money Radio, and a New York Times bestselling author, Kevin delivers compelling, actionable insights into the intersection of geopolitics, economics, and personal financial security. Freeman has briefed members of the U.S. Congress, U.S and International Intelligence agencies, local law enforcement, and his research has influenced critical Department of Defense studies. His dynamic, relatable, presentations empower varying audiences to navigate today's complex economic landscape, protect their wealth, and strengthen America's financial future.

Key Speaking Topics

Economic Warfare: The Invisible Threat to America's Prosperity

Exploring how adversaries like China and Russia exploit financial systems to undermine U.S. sovereignty and what individuals can do to fight back.

The Coming Cyber-Economic Attack: Your Game Plan for Survival

Practical strategies to safeguard investments and personal finances against escalating cyber threats and economic disruptions.

Pirate Money™: Reclaiming Economic Justice Through Constitutional Currency

How gold and silver can counter inflation, central bank overreach, and the global push for digital control.

Economic War of the Heart: Economics from a Judeo-Christian Perspective

A Biblical and historical perspective on economics, investing, and getting money out of the way of your most important relationships.

Weaponizing Your Money: Investing with Purpose and Patriotism

Turning financial decisions into tools for national security and personal empowerment.

The Elites' Secret Plan: Decoding the Sabotage of America's Economy

Unveiling the hidden agendas driving economic instability and how to resist them.

Graduated with highest honors; Rhodes Scholar nominee and state finalist.

Speaking Style & Audience Impact

Kevin Freeman is a storyteller. He combines hard-hitting data, real-world anecdotes, historical insights, and a clear call to action in his entertaining presentations. Kevin delivers serious, up-to-date, fact-filled but encouraging and empowering messages with humor and “aha moments” to diverse groups and media outlets. His ability to distill complex economic and geopolitical trends, connecting the dots, into practical action steps resonates with investors, business leaders, policymakers, and concerned citizens. Whether addressing a corporate boardroom, a financial conference, or a community gathering, Freeman inspires attendees to take control of their economic destiny while safeguarding America's sovereignty. Attendees are often quoted, “Wow. That’s one of the best speeches I’ve ever heard. I have hope.”
